ACADEMIA

ARCH Academy of Design

" Academia helped us to manage our crucial challenge of maintaining attendance record for multiple courses. With the friendly support team of Serosoft teachers were able to understand the functionality of attendance feature and now they find it very useful. "

-Mr. Avinash Parashar
Arch College of Design & Business

Pressing Challenges

• Difficulty in attendance marking for multiple courses in combined classes.

• No arrangement to share time table with students, hence multiple interactions with teachers.

Academia Solutions

• Attendance became very handy and coherent for teachers.

• Academic operations became integrated. Exchange of all academic information became accessible for students via Academia student portal.

Increase in student attendance in the institutes.

Saving in time in attendance marking.

Increase in student involvement and performance in assessments.

Benefits

• Automated and simplified attendance marking.

• Communication between teachers and students has increased.

• Students are satisfied with the institute management and processes.

ACADEMIA

ARCH
Academy of Design

Institute Profile

ARCH was set up in the year 2000, under the aegis of the ARCH Educational Society to impart industrially and globally relevant, specialized education in Design. Through the 18 years of our existence, it has grown into a strong community of 6000 professionals, alumni, students, teaching faculty and support staff. Courses offered include Undergraduate, Postgraduate and Certificate level courses in Fashion, Interior, Product, Jewellery, Graphic, Photography, Digital Design, and Design Communication, coupled with specialized courses combining Design education with Business and Entrepreneurial knowledge.

About Academia

Academia empowers educational institutions of varied sizes and operations to focus on delivering high-quality education and not much thinking or worrying about the administrative process. It enables educational institutions to take care of their entire administrative tasks and assists in repetitive resource-intensive activities through seamless automation. The architecture of Academia is designed in such a way that it meets the unique and varying needs of schools, colleges & universities.
