

“ We at Ashoka Education Foundation, Nashik are very happy to mention about our experience of using Academia ERP. Academia is a great product to be used to streamline and automate all educational processes. We are also impressed with the quality of work provided by team Serosoft in implementation of Academia at AEF. ”

Pressing Challenges

- Managing decentralized structure of Ashoka Education Foundation.
- Inability to get faculty details in real-time like qualification, PhD verification status etc.
- Difficulties to save and manage the online applications by prospective students.
- Lack of consolidated reporting.

Academia Solutions

- Academia is a multi-center management solution capable to manage all the institutes which are a part of AEF.
- Academia detailed forms captures many details of faculty & students as per AEF norms.
- Academia's CRM is capable to manage the online applications sent by prospective students.

Benefits

- Ability to manage individual colleges & their unique processes efficiently with a single system
- Revamped admission process by integration of application form.
- Consolidated reporting for the whole organization to give birds-eye view.
