College Profile

Waljat College of Applied Sciences (WCAS) was founded by H.E. Dr. Omar Bin Abdul Muniem Al Zawawi in 2001 with an aim to promote high international quality education in Oman that prepares students for modern, high quality jobs. WCAS functions in academic partnership with Birla Institute of Technology, a reputed deemed university located in Mesra, Ranchi, India. BIT was founded by the Philanthropist and Industrialist, the Late Mr. B.M. Birla in 1955 and since then has been a pioneering institution in the fields of technical education and research.

About Academia

Academia empowers educational institutions of varied sizes and operations to focus on delivering high-quality education and not much thinking or worrying about the administrative process. It enables educational institutions to take care of their entire administrative tasks and assists in repetitive resource-intensive activities through seamless automation. The architecture of Academia is designed in such a way that it meets the unique and varying needs of schools, colleges & universities.
